Notes:

Description of Fund Structure

General Fund: This fund is the chief operating fund of UTA. It is used to account for all financial resources and expenses except those accounted for in the other funds. Payment for the cost of all capital projects are paid out of the general fund with the exception of rail construction (which includes LRT and commuter rail) which is paid for out of the Rail Construction Fund.

Rail Construction Fund: This fund is used for the construction of 2015 and other rail projects, including the procurement of rail vehicles.

<u>Bond Fund</u>: This fund was created to hold monies set aside for the payment of debt service on bonds. The funds are held by a Trustee and administered pursuant to Bond Indenture provisions. The amount in this fund is set by the indenture. This fund also includes any and all Debt Service Reserve accounts.

Risk Contingency Fund: The Risk Contingency Fund is used for UTA's self insurance program. Under the Utah Governmental Immunity Act, the maximum statutory liability in any one accident is \$648,700 per injury claim, \$2,221,700 aggregate for multiple injury claims, and \$259,500 per property claim. The Authority is self-insured for amounts under these limits.

^{*} Detail on Capital items can be found in Section 2.5 Capital Expenditure, Exhibit B; \$126,550,093 Capital Projects + \$407,814,576 2015 Trax & Commuter Rail Projects = \$534,364,699 Total Capital. Also note that the Rail Capital budget is reduced on this report by \$64,903,268 which is the amount of debt service that will be capitalized and added to the project budget.

LEGAL DEBT LIMIT (as of 1/1/11)

Utah Transit Authority has a legal debt limitation not to exceed 3% aggregate of the fair market value of all real and personal property in the District. This means that the total amount of bonds, notes, warrants or any other type of obligations issued or outstanding will not be greater than 3% of property in the District. The calculation below, as of January 2011, is based on estimated fair market value for 2010 and uniform fees for 2009, in the areas located within the authority's service district.

Total Legal Debt Limit

Fair Market Value (2010 estimate)

\$199,724,549,277

@ 3% 5,991,736,478

Debt Limit: 3% of assessed value
